

For Help:

If you need any assistance with any changes on your site, please submit a ticket in the WordPress system.

You can submit a ticket under "Admin Help" or "Help Center" (see box on right) and someone will get back to you.

Training:

Individual one-on-one training is available. See Content Manager Communications website for more information or submit a ticket to request training.

Content Manager Communications Website:

For better communication with Club Content Managers we have established a new website that is available when you sign in to your club's website and are in your dashboard. There is information regarding Required Items for all scwclubs.com websites, Best Practices, Past and Future trainings, FAQs, Tips, Technical Issues that arise and other information. The site is being updated regularly so please check back often.

To get to the CM Communication website, click on "Admin Help" in the top left of the dashboard and then click on "CM Communications" and you will be taken to the site. See box below.
